KHELO INDIA – NATIONAL PROGRAMME FOR DEVELOPMENT OF SPORTS

KHELO INDIA SCHEME

A new umbrella Scheme “Khelo India” was launched during the current financial year after merger of existing scheme Rajiv Gandhi Khel Abhiyan (RGKA), Urban Sports Infrastructure Scheme (USIS) and National Sports Talent Search System Programme (NSTSSP).

The Objectives of Scheme are given below:-

- a) Mass participation of young population in sports through annual sports competitions;
- b) Identification of sporting talent;
- c) Nurturing of the sporting talent through sports academies.
- d) Creation of Sports Infrastructure at Block, District and State/UT level.

Components of the Scheme

A. Competition: Competition structure will cover the whole of India. The competition will be held at District, State and National levels. The games/sports which are popular in a particular area shall be played as part of the competition at Block/ District/ State level. The competitions will be conducted in two age groups, namely, Under 14 and Under 17. The competitions will be 100% funded by Centre and it will be Central Sector Scheme. However, States or Sports Federations and Sporting Organization will be associated in obtaining the assistance from them as regards availability of land, playfields, manpower, infrastructure etc., in conducting the competitions. The competition component itself will involve an expenditure of the order of Rs.1885 crore, if the scale of expenditure on Gujarat Khelmahakumbh is adopted as a guiding principle and also on the basis of proper arrangement of sports competitions at various levels. In view of constraint of availability of funds, an amount of Rs. 140 crore is earmarked for year 2016-17. However, with a view to popularize sports and organize quality competitions, the scale of expenditure will have to be revised to at least Rs.1200 to Rs.1500 crores in subsequent financial years.

The organizers at all levels will be free to bring in sponsors who may contribute both financially and in kind towards successful conduct of competitions. Contributions of private sectors and sponsors may be accounted for and if some funds are realised these may be used for maintaining and upgrading sports facilities at that level of competitions. The help in kind would be accounted for and taken on record by the concerned authorities.

B. Identification of Sporting Talent: The talented sportspersons from amongst the participants of the competitions for the Under-14 and Under-17 age groups at District, State and National level will be identified through the competitions. The local organising Committee will associate State/ SAI Coaches of respective sports disciplines in identifying talented sportspersons shortlisted through the process of competitions at various levels.

Special stress shall also be paid to identify sporting talent from tribal, coastal and remote areas. Such identified talented players will be nominated for trials for induction in various sports promotional schemes of the SAI, or State Sports Academies, wherever

feasible and if the identified players so desire. The talented players identified at district level competitions onward will be eligible for grant of scholarships for a period of 12 months. The maximum number of talented players to be identified as contained in the scheme and amount of scholarship payable at each level of competitions is given in the Scheme. Each identified sporting talent will be eligible for only one scholarship for the highest level attained by him/her. The disbursal of scholarships shall be on the Direct Benefit Transfer (DBT) principle through the implementing agency. For the purpose of award of scholarships, every year a fresh list of sporting talents will be drawn up on the basis of individual performance. This will ensure that only the most deserving candidate will be eligible for scholarships, and the non-performing sportspersons will be weeding out.

C. Infrastructure : The various projects which can be sanctioned under sports infrastructure to State Govt./State Sports Council/State Sports Authority; (b) Local Civil Bodies; (c) School, Colleges & Universities under Central/State Govts; & (d) Sports Control Boards and the maximum admissible grant are (i) Synthetic Athletic Track – Rs 7.00 crore; (ii) Synthetic Hockey Field – Rs. 5.50 crore; (iii) Synthetic Turf football ground – Rs. 5.00 crore; (iv) Multipurpose Hall – Rs. 8.00 crore; (v) Swimming Pool – Rs. 5.00 crore and (vi) Construction of Stadia complex – Rs. 50.00 crore.

Each State / Union Territory shall get projects in a year based on their population, area and proposals from them. As a result of the Khelo India Scheme being converged with Member of Parliament Local Area Development (MPLAD) scheme, if a Member of Parliament contributes at least 50% of the grant admissible for an individual project under this scheme, subject to a minimum contribution of Rs.1.00 crore, matching grant will be released by the Ministry of Youth Affairs & Sports.

The Khelo India Scheme is converged with Member of Parliament Local Area Development (MPLAD) scheme. As a result of this, if a Member of Parliament contributes at least 50% of the grant admissible for an individual project under this scheme, subject to a minimum contribution of Rs.1.00 crore, matching grant will be released by the Ministry of Youth Affairs & Sports. The Member of Parliament may contribute from his MPLADS funds for all items admissible under MPLAD Scheme.
